I'd like to know how to convert a file into PDF when I'm programming in VB. Do you have the script or if there is a pre-defined function, what is it's name?

vba - Convert a file into PDF with a Visual Basic script

I am looking for a ASP.NET control to load PDFs in browser. It should allow to control the number of pages to show to user, and also it should able to do some bookmark stuff like when user click on a button, then I could get the page number of viewer and save it, and then next time reload the PDF from that page number.

ASP.NET PDF Viewer - Stack Overflow

I have a problem of having some users creating very large PDFs. On the other hands I have PDF sent from our fax machines that are really small in size and totally printable. My question is Is ther...

However, the term "feature" is also commonly used to mean a capability of a system, application or component. Also, in some domains and/or applications no distinction is made between "feature" and the corresponding real-world phenomena. To avoid confusion, we adopt the term "Spatial Thing" throughout the remainder of this best practice document.

Spatial Data on the Web Best Practices

The Direct Rendering Manager was created to allow multiple programs to use video hardware resources cooperatively. The DRM gets exclusive access to the GPU, and it's responsible for initializing and maintaining the command queue, memory, and any other hardware resource.
