Software Project Management Resources -- Columbia University

The difference between leadership and management is important to understand. What makes a leader credible? Part of the answer is the ability to "influence" others " organisations get more from motivated teams than groups of individuals.. Leadership makes this happen, it is a skill that involves understanding a number of core management concepts then being able to put these into practice.

Mastering People Management & Team Leadership | GLOMACS

The triple constraints of project management " scope, time, and cost " are the focus of this intensive, three-day course. Mastering the art of planning is a key to controlling these constraints.

Project Cost and Schedule Management - PM College

Project management is a start-to-finish approach to getting things done and making projects more successful. It's a profession, but it's also a set of techniques that anyone can apply to achieve goals and manage project work more effectively.

Project Management Foundations - lynda.com

Making Things Happen is the classic bestseller on managing and leading project teams, known for its honest, funny and insightful approach to what is often a deadly boring subject. Based on Berkun's nine years of experience as a program manager for Microsoft's biggest projects, Berkun explains to technical and laypeople alike what it takes to lead critical projects from start to finish.

The book: Making Things Happen | Scott Berkun
